DETAILED ACTION

This office action is in response to the applicant's amendment dated 10/10/2006 and RCE dated 12/08/2006.

The applicant has canceled claims 8-9, 16-17 and 20 in the amendment.

The applicant has amended claims 1, 6-7, 12-13, 15 18-19 and 21.

Claims 1-7, 11-15, 18-19 and 21-23 are pending.

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/10/2006 has been entered.

Response to Amendment

2. As per claims 1-7, 11-15, 18-19, in view of the applicant's amendments to said claims, the examiner withdraws all rejections to the claims.

3. As per claims 21-23, applicant's arguments filed 10/10/2006 have been fully considered but they are not persuasive. The applicant argues that independent claim 21 contains a limitation not taught by the reference Takinosawa, but the examiner

disagrees. The specific limitation argued, wherein the bit sequences are "stored in a register array" is *not present in the independent claim*. The applicant has apparently erroneously omitted the argued limitation from the claim, and so the examiner maintains the rejection of independent claim 21 and dependent claims 22-23 as previously stated in the prior Final Rejection dated 6/2/2006.

Allowable Subject Matter

4. Claims 1-7, 11-15 and 18-19 are allowed. The following is an examiner's statement of reasons for allowance: The examiner agrees with the applicant's arguments outlined in the Remarks of the submission dated 10/10/2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
